

# JIORDAN TOLLI

Jiordan was most recently seen in the lead role of Caitlyn in the feature film *Is This The Real World* alongside Susie Porter. Her profile as an entertainer also grew quite significantly in 2013, due to her beautiful work on *The X Factor* where her unique voice and striking performances saw her down to the top 5 in the competition.

Commencing her acting career as a baby, Jiordan joined the regular cast of *Neighbours* in the role of Louise 'Lolly' Carpenter. She grew up on set and on Australian television screens in this role until the age of 7, when her character left the show. Since this time Jiordan has appeared in Showcase's *Tangle*, a number of advertising campaigns and has also reprised her role on *Neighbours* with a guest appearance.

She has continued her training with both private lessons and ongoing study in various areas of Drama, including script interpretation and characterisation; Dance, including Jazz, Hip-Hop, Tap, Ballet and Contemporary; and Voice, including musical theatre. Jiordan also spends much of her time on music collaborations and live performances around Australia. Her EP garnered much attention on Triple J Unearthed where it continues to be played on regular rotation, and she hopes to release her first single in 2015. Jiordan also regularly performs her material live at various venues across Melbourne and Sydney.
